It is also a form of true education
It's time to talk with fist and fist

Are you all right?
It seems you fell on your head...
Do you need a bandage?
THE TWO HAVE ENTERED THE CENTER RING!
The rule is to pop the balloon on the opponent's head ☆
Understood, if you win I'll call you "A-Cup" instead of "F-Cup"
UWAH!?
If I win, you will stop saying mean things about me!
I will not forgive you
An-And stop calling yourself Sonpeita's Wife!!

Just rest for a bit...
Wa-!?
What do you think you're doing, Kamishiro-san!?
If you banged your head, you need to have albeit of rest
I read this in a story...
What he needs is to use my body as his pillow!!
Using Kemeko-sensei's body is unhealthy!!

It is always like this...
S-San-pei-tai
His soul is escaping from his body!
Every day is not normal for me
Sensei! His arm! His arm!
That's right

Shall we get back to the script?
I love sensei, too
AOI-CHAN! YOU'RE CHOKING... MY NECK...

I was expecting her to eat Tamako's Special Steaming Bowl...
I've been wandering where Kemeka-aneesama went aff ta
I saw the rocket explode in the sky yesterday with oneesama inside... And she hasn't returned...
Don't worry about a thing, Tamako! I'm sure she'll come back
It's useless to stay worried!
And say "I'm home~" out of nowhere, right?
Did yau really mean... The "enemy" was attacking...
I can't believe yau would be sa easily defeated...
But still...
Stay safe!
Yau-Yau're right! I'm heading aff ta schaal!

Don't come back again!
Stupid!
DIVO-RCE!
I guess I'll just head off to school as well...
Plus we got divorced! Wait we weren't even married!

1-B
Like always, she would always come back...

なんと!?
EEEH!?
Kemeko-sensei isn't here today!?
Yeah...
She switched school districts or something
Since yester day
Really!?
Is that so... huh? She really is gone!? There is surely something weird going on!
Must be nice Izumi chan
Impossible! She would not just get up and leave without Sanpeito...
I can't believe such a thing!!
This is what I was waiting for to return to my ordinary ☆ life
Huh? Where's Kamishiro-san?
Something's strange with a lot of people missing
Sigh
Izumi-chan?

They are referring to the Tokusatsu series "Ultraman". Zoffy is a character while Seven is one of the many Ultraman Series.
Zoffy is great!
You like Seven?
1-B
That's right, good job understanding
Here's some water
She really isn't here!?
I can't believe that!
Calm down Izumi chan

Captain
Are you moving, Kurosaki Ryoko?
Not currently, but I have increased my monitoring activies over Kobayashi. However, since the incident last night, Mishima hasn't made a move as of yet.

I found something interesting just now
Take a look
That's cute.

We got some of the wreckage from the explosion last night
We luckily discovered something in some of the tiny fragments

Then, the persone behind this is...!
From our readings, that is what it appears to be

To be more precise The rocket debris "changed" to "stone"

This is just debris...
What's with you
It's "stone"

Which means Kobayashi Sanpeita wasn't the only one with "power", but another body was "conceived"!
Mishima Electronics was able to have an inventor produce another "Nano Ball", the ultimate power
Have fun on the monitoring job!
Anyway the 88th Division is to remain to carry out our current duties
Impossible! There was a duplicate of the ultimate invention!?
I do not know, Mishima's true motive is unclear at the moment
Geez...
Just what are they up to...

You idiot!
Where are you...
キーコ
No need to be like that, Hoya-chan
Japan's chance to rescue education has died ☆
Geez stop it!
Wow~ Since Kemeko-sensei isn't teaching the class isn't peaceful
だり～～ん…
It's not like I'm that worried over that idiot!
It would be really something
It would be a good idea to come back soon

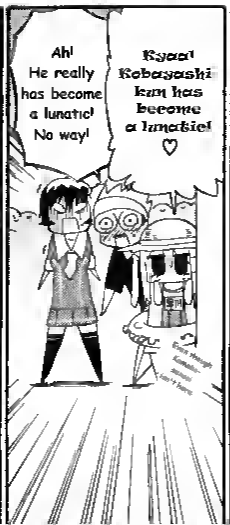
I'm there!
Where'd you go?
It would have been better if you came back sooner!
You made me worry since this morning and...

Huh?

WHAT THE!? THE SIGN WAS MISLEADING!
SORRY FOR MY INTRUSION...



Ah! He really has become a lunatic! No way!
Kyaa! Kobayashi kun has become a lunatic! ♡

If you don't do it now, Kemeko-sensei will prey on Kobayashi-kun

He may unknowingly do (bleep) and (bleep)
